Very Important

This book is written with divine inspiration or rather it manifested so lately. Almighty God would not allow the leaders to corrupt the world any more and drag the people into sin and promote adultery.

Entire government machinery may be set against me and/or the Judiciary could also turn against me for writing this book, But I am not in fear, absolutely in no fear, because, I am not alone. Almighty God is with me and with me always.

This book clearly shows to what extent the political background is getting set for the World Destruction to begin. Otherwise, I would not be made able to charge the Executive and the Judiciary, in the way it was done in this book. It is simply unimaginable.

To a great extent, one would be able get an idea of the imminent world destruction by reading my other book titled: "Year 2000 doomed, Mankind destroyed." its sales would zoom when the time comes.

The president, Legislature as well as the Judiciary are free to take legal steps against me. Instead, if extra judicial steps are contemplated and put them into action or tried in other words to harm me unless through legal means, Almighty God will subvert all their plans and put to death those who try those means as well as those who support them. Curse will be upon their children too who would suffer the same fate almost immediately. Scriptures also say: "For I, the Lord your God, punishing the children for the sin of the fathers to the third generation." Mind you this is in the ten commandments [Deuteronomy 5: 8] of the Holy Bible

When Assyrian King tried to attack Israel, Lord said that he would not allow that. To quote 2 Kings: 19:32 -

35 in Bible "That night the angel of the Lord went out and put to death hundred and eighty five thousand [185,000] men in Assyrian camp. When the people got up next morning - there were all dead bodies. So Senacherib, king of Assyria broke the camp and withdrew." This is history, which all the Jews and Arabs as well as historians know to be true. Of course, Jews are not that much in favour with Almighty God now.

I lead a celibate life living on vegetarian food having spent third of my life in search of God. In my quest, I found, all religions speaks the same truth. Hence, I wrote a book titled "Where Religions Agree" which was reviewed by "The Hindu". the India's prestigious daily on November 26, 1996". It is quite rare that a Sri Lanka author gets a review of his work in an all India newspaper like "The Hindu."

World Destruction shall commence after September, in the year 2000 and go on for at least six years till the new world is set with about 06 million righteous men and women who will be saved. Even though the "Bible Code" confirms year 2000, as possible year to commence the world destruction. it give an alternative year 2006 as well. The present world cannot move beyond 2000 at whatever cost.

Scientifically speaking, new stronger viruses would emerge causing diseases destroying mankind leaving maximum of 06 million persons. AIDS virus takes 10 years to kill but a new strain of the AIDS virus has sprung up in Sahara some time back which destroys the victim within three months. Recent Ebola virus takes only 24 hours to kill its victim. Journal Of American Medical Association said in 1998 that allopathic medicine would be the cause of death and all health problems in future. Medicine can no longer guarantee health at all in future instead contribute

to death, one reason being that they go for stronger and stronger medicines with more lethal side effects. If one wants to survive after another 10 years they have to wear a kind of plastic dress like those astronauts and cosmonauts did, in order to keep off stronger viruses attacking them. This is the views held by the top scientists in the world in this field which were quoted by "The Focus" giving a picture of that cumbersome dress that people have to wear. Almighty God would not allow the people to wear that kind of costume because wearing such dress alone could produce more illnesses, Before that the new world would be set up.

The greatest scientist of our time, Albert Einstein, never accepted that the universe was governed by chance. It amounts to accepting the scientific validity of unseen Almighty Power governing it. Even Buddhists have to accept that, otherwise the question arises as to who enforces Karma and rebirth and who metes out punishments and rewards. There is definite unseen Almighty power behind everything. The matter was very well dealt in the Chapter on "Almighty Nature" in the "Year 2000 doomed: Mankind destroyed.", This book carries two chapters of it, its preface as well as its contents page.

Chandrika should know that this is the right time for her to resign handing over the control to some suitable person with the support of her mother who still holds on to primiership. Publication of this book would definitely bring about a stronger Justice System making it extremely difficult for those responsible to carry on with their assignments. They would have no other option but to resign before it is too late making Almighty God step in to correct the system.

All the copies of this book would be autographed by me in addition to writing one or two lines in my own handwriting, in order that every owner should feel that his or her copy is a personal gift from the author.

The use of excerpts is not allowed except with the express permission from the author. In respect of media reviews and comments, this condition is relaxed.

After carrying an advertisement, on Saturday, October 30, 1999, at about 2 pm, a person identified himself as president of the Court of Appeal P. Edussuriya, saw me at YMBA building and bought two copies of this book. He did so, after making an appointment. From his deportment and conduct, I believe that the identification was definitely true. He told me that the other copy was for Mr. Marapone, former attorney-general. Two persons from the YMBA witnessed the transaction from a little distance.

Conduct of Mr. Marapone was brought into question in the chapter on *"Plans to impeach SC judges."*

Number of pages of this book was increased by 15 pages on November 4, 1999. However the book would still be considered only part 2 of the first edition published on October 21, 1999 because this kind of revisions and additions could take place even weekly
